

Second Amendment to the Charter

National Advisory Council for  
Health Care Policy, Research, and Evaluation

Functions

The Council shall advise the Secretary and Administrator through recommendations regarding priorities for a national agenda and strategy for:

- o conduct of research, demonstration projects, and evaluations with respect to health care, including clinical practice and primary care;
- o development and application of appropriate health care technology assessments;
- o development and periodic review and updating of guidelines for clinical practice, standards of quality, performance measures, and medical review criteria with respect to health care; and
- o conduct of research on outcomes of health care services and procedures.

Subcouncil on Outcomes and Guidelines

The Subcouncil on Outcomes and Guidelines is deleted in its entirety.
